When **March 27, 2018**
6:30 PM - 8:00 PM

RIT PHOTONICS OPEN HOUSE TOUR

Location Rochester Institute of
Technology

Registration is closed

Learn about photonics-related degree programs and visit labs from RIT's Future Photon Initiative and Center for Imaging Science.

- Rochester Imaging Detector Laboratory
- Experimental Cosmology Laboratory
- LoboZZo Optics Laboratory
- NanoPower Research Laboratory
- Semiconductor & Microsystems Fabrication Laboratory
- Laboratory for Advanced Instrumentation Research
- Unmanned Aerial Vehicles Laboratory.

Tour groups will meet at the Future Photon Initiative Headquarters

Download a PDF flyer for the event.

Visiting from off campus?

The FPI Headquarters is located in the Engineering Hall (Building 17) on RIT's campus.

Park in "Lot J", which is the closest parking lot. You do not need a visitor's pass after 5 PM.

From "Lot J" go straight until you see the "IT Collaboratory" sign on building 17, or Engineering Hall.

Once inside the building, take the stairs to your immediate left to the 3rd floor.
